6.0 FFY 2024-2028 Program Development

CMAQ staff updated the committee on the status of the current open call for projects including the two webinars held in January for potential applicants.

Mark Pitstick, RTA, asked if there was going to be a schedule change for future calls. Chair Ferguson replied that a change is being planned for the next Call for Projects that will move up the timeline by 3 months. This is to better align the program development with committee dates and avoid the change in Federal Fiscal Years.

7.0 Other Business

Mark Pitstick, RTA, ask if there would be any changes to the format for the next meeting. Chair Ferguson replied that the Governor has stated that the State's Disaster Declaration would end on May 11th which will require meetings to return to in-person after that date. This does not affect the next meeting which will be in April but Committee members should anticipate that the following meeting in July will need to be in-person and the meeting will be broadcasted virtually for audience members.
