Action Requested: Approval

On August 31, 2023, the STP Project Selection Committee (PSC) approved the attached STP-SF program and the CMAQ and TAP-L PSC approved the attached CMAQ, CRP and TAP-L programs. The programs consist of 66 projects to be funded over the next five federal fiscal years (FFYs). The programs include STP-SF funding for 18 projects, CMAQ funding for 26 projects, CRP funding for 4 projects and TAP-L funding for 17 projects. The new projects were selected by applying performance-based selection methodologies to the 129 project applications received in response to the call for projects issued in January 2023.

Draft programs were available for public comment from July 13 through August 11, 2023. One comment was received in support of the CMAQ and CRP programs. Based on the nature of the comment, the PSCs made no changes to the draft programs.

The recommended programs have been incorporated into TIP amendments 24-01.1, 24-01.2 and 24-01.3. The Transportation Committee recommends CMAP Board and MPO Policy committee approval of TIP Amendments [24-01.1](#), [24-01.2](#) and [24-01.3](#).
