6.0 FFY 2024-2028 Program Development

Chair Ferguson introduced the process for presenting potential changes for the next call for projects. At the October 28, 2021 meeting of the CMAQ and TAP-L Project Selection Committee, the idea was raised that a minimum score threshold should be set for a project to qualify for selection because some projects selected for funding had low cost effectiveness scores. The committee was updated on the scoring process for the estimated air quality benefits. The process uses a cap already in the scoring process where projects that have an air quality benefit cost benefit greater than \$50,000 per kilogram of Volatile Organic Compound (VOC) eliminated will receive a score of zero. The scoring has a built in threshold and staff does not recommend instituting another threshold in the selection process. Committee members asked clarifying questions of staff.

7.0 Other Business

Mr. Pitstick asked a clarify question on the Project Change Memo and the unprogrammed balance for the TAP-L program in 2022. Mr. Lewis indicated that staff would look into that balance but was not sure why it was so high.

Mr. Schmidt asked Mr. Donovan if he had any federal updates from FHWA. Mr. Donovan indicated that he did not have anything for today's meeting. Mr. Schmidt brought up some of the new federal

programs that were included in the Infrastructure Investment and Jobs Act (IIJA).

8.0 Public Comment

Mr. Hennings with the McHenry County Division of Transportation address the committee on measure of transit availability index scoring and how projects in McHenry County projects score may be adversely affected by Pace's new strategic plan and the potential reductions in fix route bus service run in McHenry.

Mr. Tomzik with Pace made a comment about Pace's Driving Innovation plan and how Pace will still be serving McHenry County. The definition of what constitutes transit needs to be updated so that on-demand service is included along with fix-route service.

9.0 Next Meeting

The next meeting is scheduled for Thursday, April 14, 2022 at 11:00 a.m.

10.0 Adjournment

A motion was made by Tom Rickert, seconded by Mark Pitstick, that the meeting be adjourned. The motion carried by a voice vote.

The meeting was adjourned at 11:41 a.m.

Respectfully submitted,

Doug Ferguson
