MEMORANDUM

To: CMAP Board

From: Michael Brown, Interim Deputy of Planning

Date: October 24, 2024

Subject: Authorization to enter into contract C25-0073 with 3x3 Design US LLC as a result of RFP 327, for the Council on Universal Design and Accessibility for a term up to 24-months with three, one-year optional renewals, in an amount not to exceed \$117,700

Action Requested: Approval

Purpose

The Chicago Metropolitan Agency for Planning (CMAP) is seeking to contract with a consultant to assist in establishing and facilitating a regional coalition that will serve as an advisory committee as it relates to the agency's accessibility work.

Background

CMAP developed its Accessible Communities Program to improve municipal compliance with the Americans with Disabilities Act (ADA) in northeastern Illinois through a comprehensive program of outreach, training and education, and technical assistance. The program aims to raise awareness of the benefits of improving accessibility and educate target audiences on legal obligations related to compliance with the ADA, with a particular focus on improving accessibility in the public right-of-way (PROW).

To better inform the work of the Accessible Communities Program, CMAP seeks to form an advisory committee responsible for assessing the Agency's work as it relates to accessibility. The Council on Universal Design and Accessibility (CUDA) will employ the 7 Principles of Universal Design to evaluate the various facets of CMAP's work throughout the region and serve as an advisory body for regional awareness and implementation of ADA compliance, accessibility, and universal design.

The regional coalition will be a staff-led project with consultant assistance. The consultant will be responsible for assisting with the selection of organizations throughout the region that will make up the regional coalition, which will engage the disability community as municipal

transition plans and accessibility initiatives are developed throughout the region. The consultant will facilitate coalition meetings as well as manage the distribution of stipends to coalition members. The consultant and CMAP staff will be responsible for convening the Council to discuss the progress of the CMAP Accessible Communities Program and its elements.

Procurement process

A Request for Proposals (RFP) was circulated and posted on the CMAP website, CMAP hosted a non-mandatory virtual pre-bid meeting to provide an overview of and answer consultant questions.

The key dates were as follows:

RFP Advertisement/Release	September 11, 2024
Pre-bid Meeting (optional)	September 18, 2024
Deadline for Questions (extended)	September 2, 2024
Deadline (extended)	October 9, 2024
Award Recommendation	November 13, 2024

There were two attendees that joined the pre-bid meeting, potentially representing two unique consulting firms (one participant dialed in), and CMAP received three proposals.

Proposals were reviewed by CMAP staff, who scored each proposal independently based on the evaluation criteria included in **Attachment 1**.

Evaluation

The evaluation panel used the information from the process above to assess and score the submittals. The evaluation scores are included in **Attachment 2** and the assessment of the proposers was as follows:

3x3

The submission from this proposer demonstrated experience with inclusivity and marginalized populations. Their approach included grounding the project using CMAP's Core Values, Universal Design values, and 3x3's values, as well as reviewing ON TO 2050 and including regional priorities. While the approach was only evaluated based on the first two-pages based on the submittal requirements, their project examples and positive references demonstrated proficiency and experience that aligns with the scope of work.

Imagine Delivered

The submission from this proposer demonstrated their high level of capability to perform the scope of work through various clients and engagement activities that would align with CUDA. The firm's values aligned with CMAP's core values and the 7 Principals of Universal Design. The proposer was thoughtful about the entire meeting experience as demonstrated in their inclusion of meeting supplies and food in the price proposal; however, they overemphasized the role of transition plans, which indicates they may not have a clear understanding of the scope of work.

Journey Mobility, LLC

The submission from this proposer provided some record of experience, including a similar project completed with the Los Angeles Accessible Parking Policy Advisory Committee. While the proposer demonstrated a good understanding of the project and provided helpful suggestions to enhance the scope of work, submission received a lower score since CMAP's core values were not integrated into the proposal.

Recommendation for contractor selection

Following consideration of the proposals, the evaluation panel determined that 3x3 Design US, LLC represented the strongest overall submittal based on the evaluation criteria.

The evaluation panel recommends entering into a contract with 3x3 Design US, LLC for a term of up to 24-months, with three one-year renewal options in an amount not to exceed \$107,000 being the price proposal rounded to the nearest thousand. The board authorization request includes an additional 10% increase for a total authorization of \$117,700.

ATTACHMENT 3: EVALUATION CRITERIA - CONSULTANT SERVICES

CMAP will evaluate all responses to this proposal request for completeness and cost-effectiveness. The evaluation criteria shall include:

- 1) **Project team and firm capability.** Demonstrated record of experience of the Consultant firm(s) and identified staff, verified by references, in providing the professional services described in the scope of services.
 - 2) **Project approach and understanding.** Demonstrated understanding of the scope of services through the project approach; any recommended modifications to the scope are reasonable; and the project schedule is reasonable and meets the project goals.
 - 3) **Integration of Core Values.** Demonstrated understanding and commitment to CMAP's [Core Values](#) through the project approach, alignment with the consultant's core values, and/or through the project examples.
 - 4) **Project examples.** Verifiable examples of the Consultant firm(s) completing the same or similar deliverables through project examples.
 - 5) **Past performance.** Prior performance on previous CMAP contracts. Vendors who are or have been seriously deficient in current or recent contract performance, in the absence of evidence to the contrary or circumstances properly beyond the control of the Vendor, shall be presumed to be unable to meet these requirements. Past unsatisfactory performance is sufficient to justify a finding of non-responsibility.
- (Bonus) **DBE/MBE/WBE/VBE Participation.** CMAP will award one (1) bonus point overall to those qualified prime consultant respondents who have been certified as a DBE by the Illinois Unified Certification Program (IL-UCP); as a Minority Business Enterprise (MBE), or Women-Owned Business Enterprise (WBE) by the City of Chicago; or as an MBE, WBE, or Veteran-Owned Business Enterprise (VBE) by Cook County.

Selection will be weighted and based on the following criteria:

MEMORANDUM

To: CMAP Board

From: CMAP Staff

Date: November 3, 2024

Subject: Authorization to enter into contract C-25-0074 with CCS Learning Academy as a result of RFP 302, for Diversity, equity, and inclusion (DEI) Framework for a term up to 24-months with three, one-year optional renewals, in an amount not to exceed \$150,700

Action Requested: Approval

Purpose

Through this solicitation, CMAP is seeking one consultant (firm or team) with strong expertise in belonging, diversity, equity and inclusion strategies for public sector agencies to lead the update to CMAP's internal DEI Roadmap. The selected consultant will provide subject matter expertise to the agency, conduct a review of current Roadmap and associated activities such as: engage staff, managers, and agency executives in the process; share relevant best practices; develop key performance indicators; monitoring tools; and ultimately deliver an update to the agency's Roadmap to serve the agency for the next three years.

Background

CMAP's commitment to diversity, equity, and inclusion is guided by the agency's DEI Roadmap: a framework for implementing equity-informed policies and programs, tracking our progress, and achieving measurable results. Built on ongoing staff activities and formalized in 2021-2022, the current Roadmap identifies three strategic focus areas — Workforce, Workplace, and Community — that guide the agency's DEI initiatives. Through this Roadmap, CMAP aims to create and maintain fair and equitable hiring practices, foster an inclusive and welcoming workplace, and empower employees to effectively communicate with diverse, underrepresented, and historically marginalized communities.

Procurement process

A Request for Proposal (RFP) was circulated and posted on the CMAP website, CMAP hosted a non-mandatory virtual pre-bid meeting to provide an overview of and answer consultant questions.

The key dates were as follows:

RFP Advertisement/Release	September 11, 2024
Pre-bid Meeting (optional)	September 25, 2024, at 2:30 PM Central Time
Deadline for Questions	October 7, 2024, at 3:00 PM Central Time
Submittal deadline	October 11, 2024, at 3:00 PM Central Time

There were 26 attendees that joined the pre-bid meeting, representing 22 unique consulting firms and CMAP received 19 proposals. CMAP reviewed and scored 12 responsive proposals.

Proposals were reviewed by an evaluation panel who scored each proposal independently based on the evaluation criteria included in **Attachment 1**.

Following consideration of the proposals, the evaluation panel determined the two highest scoring proposers be interviewed out of the 12 proposers whose responses were scored. CMAP declined to extend an interview to LeRoy Thompson & Associates because its proposal exceeded the anticipated term for project delivery (11/24-12/25). Interviews were conducted virtually on November 1, 2024, with the two-finalist presenting their team and approach and responding to CMAP questions.

Evaluation

The evaluation panel used the information from the process above to assess and score the submittals. The results of the evaluation are included in **Attachment 2** and the assessment of the successful proposer is as follows:

CMAP evaluated all responsive proposals based upon the evaluation criteria in **Attachment 1**. Based upon the scoring, and the results of the proposer interviews, the CMAP evaluation committee selected CCS Learning Academy (CCSLA) as the successful respondent for this contract. CCSLA's proposal successfully provided an approach, experienced team and project examples that aligned with the goals for the project. Additionally, the CCS Learning Academy proposal presented a strong understanding of CMAP's core values. Upon interviewing CCS Learning Academy team, the evaluation committee concluded that CCS Learning Academy understood the agency's needs as presented in the RFP and was able to articulate an approach aligned with CMAP's goals and expected future outcomes.

Recommendation for contractor selection

CCS Learning Academy represented the strongest overall submittal based on the evaluation criteria. The evaluation panel recommends entering into a contract with CCS Learning Academy for a term of up to 24-months, with three one-year renewal options in an amount not to exceed \$137,000, being the price proposal rounded to the nearest thousand. The board authorization request includes an additional 10% contingency for a total authorization of \$150,700.

ATTACHMENT 3: EVALUATION CRITERIA - PROFESSIONAL SERVICES

CMAP will evaluate all responses to this proposal request for completeness and cost-effectiveness. The evaluation criteria shall include:

1. **Project team and firm capability.** Demonstrated record of experience of the Consultant firm(s) and identified staff, verified by references, in providing the professional services described in the scope of services.
2. **Approach and understanding.** Demonstrated understanding of the scope of services through the project approach; any recommended modifications to the scope are reasonable; and the project schedule is reasonable and meets the project goals.
3. **Integration of CMAP's Core Values.** Demonstrated understanding and commitment to CMAP's Core Values through the project approach, alignment with the consultant's core values, and/or through project examples.
4. **Client examples.** Verifiable examples of the Consultant firm(s) completing the same or similar deliverables through project examples.
5. **Past performance.** Prior performance on previous CMAP contracts. Vendors who are or have been seriously deficient in current or recent contract performance, in the absence of evidence to the contrary or circumstances properly beyond the control of the Vendor, shall be presumed to be unable to meet these requirements. Past unsatisfactory performance is sufficient to justify a finding of non-responsibility.
6. **Bonus.** DBE/MBE/WBE/VBE Participation. CMAP will award one (1) bonus point overall to those qualified prime consultant respondents who have been certified as a DBE by the Illinois Unified Certification Program (IL-UCP); as a Minority Business Enterprise (MBE), or Women-Owned Business Enterprise (WBE) by the City of Chicago; or as an MBE, WBE, or Veteran-Owned Business Enterprise (VBE) by Cook County.
7. **Cost.**

Selection will be weighted and based on the following criteria:

Evaluation Criteria	Maximum Points

MEMORANDUM

To: CMAP Board

From: Michael Brown, Interim Deputy Director of Planning

Date: October 28, 2024

Subject: Authorization to enter into contract C25-0075 with MUSE Community + Design as a result of RFP 318, for Regional and Municipal Accessibility Engagement for a term up to 24-months with three, one-year optional renewals, in an amount not to exceed \$166,100

Action Requested: Approval

Purpose

CMAP is seeking an engagement consultant to support engagement efforts for municipal public right-of-way for Americans with Disabilities Act (PROW ADA) transition plan technical assistance projects and to develop and execute a regional engagement campaign.

Background

CMAP developed its [Accessible Communities program](#) to improve municipal compliance with the Americans with Disabilities Act (ADA) in northeastern Illinois through a comprehensive program of outreach, training and education, and technical assistance. The program aims to raise awareness of the benefits of improving accessibility and educate target audiences on legal obligations related to compliance with the ADA, with a particular focus on improving accessibility in the public right-of-way (PROW).

The engagement support is for municipal PROW ADA transition plan [technical assistance](#) projects, seven of which are already in progress with five more expected to begin in the near future, and approximately two to eight more anticipated over the length of the contract. The Consultant will develop appropriate strategies and tactics that can be replicated across all PROW ADA transition plan projects to maximize efficiency, with some individual tailoring as appropriate.

The regional engagement campaign has a goal of educating and empowering municipal decision makers and staff about the importance of ADA compliance, with a focus on the PROW and Title II requirements, and connecting municipalities with CMAP resources. The campaign will be

strategically developed by the consultant using current survey data and existing CMAP resources, tailored to actionable items and resources for change at the municipal level.

Note: The Consultant will be managed by a PMO consultant (Civiltech) acting as a representative of CMAP.

Procurement process

A Request for Proposals (RFP) was circulated and posted on the CMAP website. CMAP hosted a non-mandatory virtual pre-bid meeting to provide an overview of and answer consultant questions.

The key dates were as follows:

RFP Advertisement/Release	October 11, 2024
Pre-bid Meeting (optional)	October 16, 2024, at 11:00 AM Central Time
Deadline for Questions	October 17, 2024 at 3:00 PM Central Time
Submission deadline	October 23, 2024 at 3:00 PM Central Time
Estimated award recommendation	November 13, 2024

There were five attendees that joined the pre-bid meeting, representing three unique consulting firms and CMAP received three proposals.

Proposals were reviewed by CMAP staff, who scored each proposal independently based on the evaluation criteria included in **Attachment 1**.

Evaluation

The evaluation panel used the information from the process above to assess and score the submittals. The evaluation scores are included in **Attachment 2** and the assessment of the proposers was as follows:

3x3 Design US, LLC. The submission from this proposer demonstrated their firm had a record of successfully completing similar projects, but did not have a strong grasp of CMAP's core values and the correct project approach for this opportunity.

Images, Inc. The submission from this proposer included a strong project approach and firm capability, but did not integrate CMAP's core values or provide strong project examples.

Muse Community + Design. The submission from this proposer included an outstanding project approach and understanding, strong firm capability, positive references, and a strong inclusion of CMAP's core values. They also included satisfactory project examples.

Recommendation for contractor selection

Following consideration of the proposals, the evaluation panel determined that Muse Community + Design represented the strongest overall submittal based on the evaluation criteria.

The evaluation panel recommends entering into a contract with Muse Community + Design for a term of up to 24-months, with three one-year renewal options in an amount not to exceed \$151,000, being the price proposal rounded to the nearest thousand. The board authorization request includes an additional 10% increase for a total authorization of \$166,100.

ATTACHMENT 1: EVALUATION CRITERIA - CONSULTANT SERVICES

CMAP will evaluate all responses to this proposal request for completeness and cost-effectiveness. The evaluation criteria shall include:

- 1) **Project team and firm capability.** Demonstrated record of experience of the Consultant firm(s) and identified staff, verified by references, in providing the professional services described in the scope of services.
 - 2) **Project approach and understanding.** Demonstrated understanding of the scope of services through the project approach; any recommended modifications to the scope are reasonable; and the project schedule is reasonable and meets the project goals.
 - 3) **Integration of Core Values.** Demonstrated understanding and commitment to CMAP's [Core Values](#) through the project approach, alignment with the consultant's core values, and/or through the project examples.
 - 4) **Project examples.** Verifiable examples of the Consultant firm(s) completing the same or similar deliverables through project examples.
 - 5) **Past performance.** Prior performance on previous CMAP contracts. Vendors who are or have been seriously deficient in current or recent contract performance, in the absence of evidence to the contrary or circumstances properly beyond the control of the Vendor, shall be presumed to be unable to meet these requirements. Past unsatisfactory performance is sufficient to justify a finding of non-responsibility.
- (Bonus) **DBE/MBE/WBE/VBE Participation.** CMAP will award one (1) bonus point overall to those qualified prime consultant respondents who have been certified as a DBE by the Illinois Unified Certification Program (IL-UCP); as a Minority Business Enterprise (MBE), or Women-Owned Business Enterprise (WBE) by the City of Chicago; or as an MBE, WBE, or Veteran-Owned Business Enterprise (VBE) by Cook County.

Selection will be weighted and based on the following criteria:

MEMORANDUM

To: CMAP Board

From: Bill Barnes, Deputy of Regional Plan Implementation

Date: November 1, 2024

Subject: Authorization to enter into contract C25-0076 with KerrSmith Design as a result of RFP 333 for Regional Vision: Scenario Planning for a term up to 24-months with three, one-year optional renewals, in an amount not to exceed \$300,000

Action Requested: Approval

Purpose

The Chicago Metropolitan Agency for Planning (CMAP) is seeking to enter into a contract with a consultant to support the scenario planning activities of an innovative Regional Vision.

Background

CMAP is pursuing a new approach to its federal and state planning responsibilities that will influence regional action. The focal point will be a more nimble, macro-level Regional Vision that guides policy change and implementation over the next 8 to 10 years — with future activities tailored to issues in transportation, climate, and the regional economy. It will mark a significant departure from existing planning-as-usual models. Doing so offers a chance to think differently about how CMAP works with stakeholders on multi-year strategic initiatives. The “big picture” Regional Vision will set the policy guidance to inspire and unify efforts on issues of regional concern. Its focus will be clear, unequivocal statements of “what” we must do together and “why” it matters to our residents.

To support development of this new Regional Vision, CMAP is seeking to enter a contract with a highly qualified, creative vendor to shape and advance scenario planning activities that will prepare the region for future uncertainty.

These activities are critical to the execution of a new approach that CMAP is pursuing to inspire and organize widespread action on issues of regional significance. They will also mark an evolution in CMAP’s practice of analyzing multiple, alternative futures and preparing the region to seize opportunities and avert challenges in the face of uncertainty. The scenario planning activities will help the agency produce a consensus-based, visionary plan to achieve

northeastern Illinois’ macro-level goals and aspirations as the region moves toward the year 2060.

In partnership with CMAP, the successful consultant will develop a limited number of plausible futures based on today’s best understanding of the most important trends, opportunities, and threats anticipated to shape the future of the Chicago metropolitan region. These plausible futures will inform key components of the Regional Vision, including the development of “Grand Challenges,” the evaluation and refinement of robust regional strategies, and public engagement on the region’s values and priorities. The consultant will provide subject matter expertise and augment existing CMAP staff capacity to execute key scenario planning tasks, including the development of an appropriate methodology, the development and deployment of a related stakeholder engagement strategy (including with CMAP boards and committees), and quantitative analytical support for priority trends.

Procurement process

A Request for Proposals (RFP) was circulated and posted on the CMAP website, CMAP hosted a non-mandatory virtual pre-bid meeting to provide an overview of the RFP and answer consultant questions.

The key dates were as follows:

RFP Advertisement/Release	Wednesday, September 18, 2024
Pre-bid Meeting (optional)	Wednesday, September 26, 2024, at 1:00pm Central Time
Deadline for Questions	Wednesday, October 2, 2024, by 3:00pm Central Time
Submission deadline	Wednesday, October 16, 2024, by 3:00pm Central Time

There were 34 attendees that joined the pre-bid meeting, representing 25 unique consulting firms and CMAP received 11 submissions. Of these submissions, CMAP deemed 10 proposals to be valid and complete for review.

Proposals were reviewed by CMAP staff, who scored each proposal independently based on the evaluation criteria included in **Attachment 1**.

Following consideration of the proposals, the evaluation panel determined that five proposers should be interviewed. Interviews were conducted on October 22, 2024, with proposers making a presentation of their proposal and responding to previously determined questions posed by the evaluation panel. The evaluation panel used the information from the interview to finalize their scoresheets.

Evaluation

The evaluation scores for each proposal are included in **Attachment 2**.

Following consideration of the proposals, the evaluation panel determined that KerrSmith Design represented the strongest overall submittal based on the evaluation criteria. The approach proposed by KerrSmith reflected a high level of project understanding, with an emphasis on using foresight methodologies, systems mapping, and plausible futures to investigate a broad range of regional issues in the face of uncertainty. KerrSmith also

demonstrated strong qualifications and significant experience in designing and executing scenario planning activities to support regional planning activities. KerrSmith's innovative and creative uses of engagement and planning tools to align stakeholders, leaders, and other partners in shared understandings of the future was also a strength.

Besides KerrSmith, the evaluation panel interviewed four additional proposal teams:

- ICF Incorporated, LLC (with Blue Door Strategy & Research)
- Cambridge Systematics (with Cascadia Partners LLC and Lauten Consulting)
- High Street Consulting Group (with EBP US, Inc., Morreale Communications and Cempel ITC)
- SB Friedman Development Advisors LLC (with All Together, Parametrix and Skidmore, Owings and Merrill LLP)

Each of these proposal teams demonstrated a considerable level of project understanding and thoughtful approaches to address the tasks identified in the RFP. However, the evaluation panel ultimately determined KerrSmith's expertise and experience with foresight methodologies most closely aligned with the needs of the project.

Five firms were not selected for an interview with the evaluation panel:

- SCB (with Arcadis US, Inc., HR&A Advisors, Inc., Center for Neighborhood Technology and MUSE Community + Design)
- AECOM
- Future iQ (with MKSK and RSG)
- Fourth Economy Consulting, Inc. (with Estolano Advisors)
- Lamar Johnson Collaborative

The proposed activities identified in the bids submitted by those firms not selected for interviews generally did not demonstrate a satisfactory level of project understanding. Additionally, evidence of firm expertise and project experience did not clearly demonstrate familiarity and capability with the visionary scenario planning activities anticipated for the project.

Recommendation for contractor selection

The evaluation panel recommends entering into a contract with KerrSmith Design for a term of up to 24-months, with three one-year renewal options in an amount not to exceed \$300,000, being the price proposal rounded to the nearest thousand. The board authorization request includes an additional 10% increase for a total authorization of \$330,000.

ATTACHMENT 1: EVALUATION CRITERIA – RFP 333

CMAP evaluated all responses to this proposal request for completeness and cost-effectiveness. The evaluation criteria included:

- 1) **Project team and firm capability.** Demonstrated record of experience of the Consultant firm(s) and identified staff, verified by references, in providing the professional services described in the scope of services. Qualifications, experience, and availability of committed personnel and team member firms.
 - 2) **Project approach and understanding.** Demonstrated understanding of the scope of services through the project approach to deliverables described; any reasonable recommended modifications to the scope; and a reasonable project schedule that meets the project goals. This includes evaluation of the strength and innovativeness of the approach.
 - 3) **Integration of Core Values.** Demonstrated understanding and commitment to CMAP's [Core Values](#) through the project approach, alignment with the consultant's core values, and/or through the project examples.
 - 4) **Project examples.** Verifiable examples of the Consultant firm(s) completing the same or similar deliverables through project examples.
 - 5) **Past performance.** Prior performance on previous CMAP contracts. MEMORANDUM

To: CMAP Board

From: Bill Barnes, Deputy of Regional Plan Implementation

Date: November 1, 2024

Subject: Authorization to enter into contract C25-0077 with M. Harris & Co. as a result of RFP 334 for strategic planning and engagement integration for a term up to 36-months with two, one-year optional renewals, in an amount not to exceed \$2,420,000

Action Requested: Approval

Purpose

The Chicago Metropolitan Agency for Planning (CMAP) is seeking to enter into a contract with a consultant to support pre-planning activities for the communications and engagement elements of an innovative Regional Vision.

Background

The purpose of this project, together with other aspects of the Regional Vision, is to develop a trailblazing, multi-year campaign that changes the trajectory of public policy in northeastern Illinois. These pre-planning activities are critical to CMAP's execution of a new, untried approach to inspire and organize widespread action on issues of regional significance. Together, they should help the agency produce a consensus-based, visionary plan to achieve northeastern Illinois' macro-level goals and aspirations as the region moves toward the year 2060.

Externally, it should drive strategic awareness and engagement that mobilizes stakeholders for action around difficult-but-important policy priorities, while meeting the highest standards of equitable outreach and engagement. Internally, it should support a clear understanding about the regional planning process, CMAP's new approach, and the opportunities for greater alignment and leadership.

CMAP seeks to enter a contract with a consultant qualified and experienced in leading strategic communications and engagement on public issues of regional concern. This includes a combination of content and strategic key messaging, in-person workshop facilitation (with key stakeholders including CMAP boards and committees), visual design and branding integration, special event planning, and the development of multiple, coordinated deliverables like a

communications and engagement strategy, stakeholder management process, and operations of an extensive regionwide public engagement campaign in summer 2026.

Procurement process

A Request for Proposals (RFP) was circulated and posted on the CMAP website, CMAP hosted a non-mandatory virtual pre-bid meeting to provide an overview of and answer consultant questions.

The key dates were as follows:

RFP Advertisement/Release	Wednesday, September 18, 2024
Pre-bid Meeting (optional)	Wednesday, September 25, 2024, at 1:30pm Central Time
Deadline for Questions	Wednesday, October 2, 2024, by 3:00pm Central Time
Submission deadline	Wednesday, October 16, 2024, by 3:00pm Central Time

There were 21 attendees that joined the pre-bid meeting, representing 17 unique consulting firms and CMAP received thirteen 13 submissions. Of these submissions, CMAP deemed 12 proposals to be valid and complete for review.

Proposals were reviewed by CMAP staff, who scored each proposal independently based on the evaluation criteria included in **Attachment 1**. Following consideration of the proposals, the evaluation panel determined that five proposers should both be interviewed. Interviews were conducted on October 25, 2024 with proposers making a presentation of their proposal and responded to previously provided questions submitted by the evaluation panel. The evaluation panel used the information from the interview to finalize their scoresheets.

Evaluation

The evaluation scores for each proposal are included in **Attachment 2**. RFP 334 set forth certain core activities (Tasks 0-4) expected of the selected consultant as part of the Regional Vision process. To support a cohesive approach, this scope of services also identified additional optional tasks (Options A-C) on which the respondents could bid. Respondents to this RFP were strongly encouraged to consider and respond to all aspects of the project scope. The listed price proposal amounts reflect only the proposed activities included in each bid.

Following consideration of the proposals, the evaluation panel determined that M. Harris & Co. represented the strongest overall submittal based on the evaluation criteria. The approach proposed by M. Harris & Co. (in partnership with MSB Policy Consulting) reflected a high level of project understanding, with an emphasis on bringing design-thinking techniques and strategic messaging to give the Regional Vision a creative, clear, different, and unforgettable voice. M. Harris & Co. also demonstrated strong qualifications and significant experience in facilitating strategic planning as well as stakeholder management to support regional public issues campaigns. M. Harris & Co.'s proposal includes a highly qualified team with a proven ability to create and execute innovative ideas to promote the regional planning process with the public, stakeholders, leaders, and other partners.

Besides M. Harris & Co., the evaluation panel interviewed four additional proposal teams:

- a5 Branding & Digital (in partnership with COLLABO)
- Avoq (in partnership with Stanhope Consulting)
- Rudd Resources (in partnership with All Together, Herrera Strategy, Span Studio)
- WSP

Each of these proposal teams demonstrated a considerable level of project understanding and thoughtful approaches to address the tasks identified in the RFP. However, the evaluation panel ultimately determined M. Harris & Co. has the particular expertise and experience with strategic planning, engagement integration, and large public issue campaigns most closely aligned with the needs of the project.

Five firms were not selected for an interview with the evaluation panel:

- Finlay House Global
- Images, Inc. (in partnership with Underthink)
- Resolute Public Affairs
- Jasculca Terman Strategic Communications
- Morreale Communications (in partnership with High Street Consulting Group, LLC and CDM Smith)
- CS-Effect (in partnership with Bionic Content and Nexxos)
- EcoHealth Strategies (in partnership with Meadows Eastside Community Resource Organization)

The proposed activities provided by these firms generally did not demonstrate a satisfactory level of project understanding. Additionally, evidence of firm expertise and project experience did not clearly demonstrate familiarity and capability with the activities anticipated for the project.

Recommendation for contractor selection

The evaluation panel recommends entering into a contract with M. Harris & Co. for a term of up to 36-months, with two one-year renewal options in an amount not to exceed \$2,420,000, being the price proposal rounded to the nearest thousand. This includes \$1,490,000 in total fees to M. Harris & Co. (in partnership with MSB Policy Consulting) as well as \$710,000 in related expenses (printing, swag, advertising) for a large-scale public engagement campaign in spring/summer 2026. The latter may be excluded from the contract with M. Harris & Co. and procured separately pending final negotiations. The board authorization request includes an additional 10% increase for a total authorization of \$2,420,000.

Attachment 2: Evaluation scores

ATTACHMENT 1: EVALUATION CRITERIA – RFP 334

CMAP evaluated all responses to this proposal request for completeness and cost-effectiveness. The evaluation criteria included:

- 1) **Project team and firm capability.** Demonstrated record of experience of the Consultant firm(s) and identified staff, verified by references, in providing the professional services described in the scope of services. Qualifications, experience, and availability of committed personnel and team member firms.
 - 2) **Project approach and understanding of core activities in Tasks 0-4.** Demonstrated understanding of the scope of services through the project approach to deliverables described in Task 0-4; any reasonable recommended modifications to the scope; and a reasonable project schedule that meets the project goals. Respondents — including proposed teams of consultants — will be assessed on their qualifications to perform the core, pre-planning activities in Tasks 0-4. Failure to address each of the core, pre-planning activities in Tasks 0-4 will render a response incomplete. This includes evaluation of the strength and innovativeness of the approach and any optional or additional enhancements.
 - 3) **Integration of Core Values.** Demonstrated understanding and commitment to CMAP's [Core Values](#) through the project approach, alignment with the consultant's core values, and/or through the project examples.
 - 4) **Project examples.** Verifiable examples of the Consultant firm(s) completing the same or similar deliverables through project examples.
 - 5) **Past performance.** Prior performance on previous CMAP contracts. Vendors who are or have been seriously deficient in current or recent contract performance, in the absence of evidence to the contrary or circumstances properly beyond the control of the Vendor, shall be presumed to be unable to meet these requirements. Past unsatisfactory performance is sufficient to justify a finding of non-responsibility.
- (Bonus) **DBE/MBE/WBE/VBE Participation.** CMAP will award one (1) bonus point overall to those qualified prime consultant respondents who have been certified as a DBE by the Illinois Unified Certification Program (IL-UCP); as a Minority Business Enterprise (MBE), or Women-Owned Business Enterprise (WBE) by the City of Chicago; or as an MBE, WBE, or Veteran-Owned Business Enterprise (VBE) by Cook County.

Fiscal Year-to-date Revenue and Expenditure Overview, July 2024

Revenue highlights. Revenue received as of this month for FY2025 is comprised of 77% Federal, 19% State and In-kind, 0% General funding such as Local contributions, and 4% Other Public, Foundation, Non-Public and Miscellaneous Funding.

Year-to-date, CMAP has collected 4% of its budgeted revenue from the sources identified in the tables below (excludes non-operational). Many of these revenue sources are reimbursable grants, therefore, revenues trail expenses.

Expenditure highlights. Expenditures are divided into twelve expenditure categories based on the agency's annual budget. Year-to-date, the agency has expended 4% of the budget in these categories. The three highest dollar categories of expenditures fiscal year-to-date are personnel at \$526,000, fringe benefits at \$248,000, and miscellaneous costs at \$611,000.

The high expenditure at the beginning of the fiscal year in the miscellaneous cost category is due to annual renewal of certain software licenses.

Fiscal Year-to-date Revenue and Expenditure Overview, August 2024

Revenue highlights. Revenue received as of this month for FY2025 is comprised of 74% Federal, 17% State and In-kind, 6% General funding such as Local contributions, and 3% Other Public, Foundation, Non-Public and Miscellaneous Funding.

Year-to-date, CMAP has collected 11% of its budgeted revenue from the sources identified in the tables below (excludes non-operational). Many of these revenue sources are reimbursable grants, therefore, revenues trail expenses.

Expenditure highlights. Expenditures are divided into twelve expenditure categories based on the agency's annual budget. Year-to-date, the agency has expended 11% of the budget in these categories. The three highest dollar categories of expenditures fiscal year-to-date are personnel at \$526,000, fringe benefits at \$248,000, and miscellaneous costs at \$1.17M. The high expenditure at the beginning of the fiscal year in the miscellaneous cost category is due to annual renewal of certain software licenses.

Fiscal Year-to-date Revenue and Expenditure Overview, September 2024

Revenue highlights. Revenue received as of this month for FY2025 is comprised of 76% Federal, 17% State and In-kind, 4% General funding such as Local contributions, and 3% Other Public, Foundation, Non-Public and Miscellaneous Funding.

Year-to-date, CMAP has collected 15% of its budgeted revenue from the sources identified in the tables below (excludes non-operational). Many of these revenue sources are reimbursable grants, therefore, revenues trail expenses.

Expenditure highlights. Expenditures are divided into twelve expenditure categories based on the agency's annual budget. Year-to-date, the agency has expended 16% of the budget in these categories. The three highest dollar categories of expenditures fiscal year-to-date are personnel at \$2.1M, fringe benefits at \$900,000, and consultant costs at \$1.5M.

Budget to Actual Tables, September 2024

Revenue, fund balance and in-kind services			
	FY25 budget	FY25 year to date	FY25 balance
