FY27 budget proposal

On Wednesday, February 18, Governor Pritzker delivered the annual Budget and State of the State address to the Illinois General Assembly. The governor's FY27 proposed budget anticipates \$56.055 billion in total revenues, reflecting an increase of \$830 million, or 1.5%, from the current fiscal year. Expenditures are expected to total \$56.032 billion, an \$878 million or 1.6%, from the current fiscal year. The proposal does not include any new income or sales tax increases but introduces a new state tax on social media companies, which is scaled according to their number of Illinois users.

Additionally, the governor's FY27 capital budget proposal includes \$57.4 billion in funding for the Rebuild Illinois program. The proposal includes an additional \$3.2 billion in bonding authority to expand site readiness opportunities, support affordable housing initiatives, and enhance the appearance and safety of state-owned properties.

The governor also outlined his policy priorities for this legislative session, which include addressing Illinois' growing housing shortage by spurring new housing construction and development. The governor is proposing the Building Up Illinois Developments (BUILD) initiative (HB5626), an omnibus bill that includes statewide zoning regulations, standardized construction processes, and grants for housing and infrastructure development.

CMAP staff are in the process of analyzing the governor's FY27 operating and capital budget proposals to understand how it aligns with regional priorities.
