01-22-0003 - Ogden Ave at I-290 Eisenhower Expwy

The scope of work for this project is full bridge replacement of Ogden Avenue over I-290, adding a traffic signal at Congress Parkway, lane rebalancing and channelization of traffic to improve the intersection safety. Metered and un-metered parking removal was necessary to accommodate the proposed improvements. The proposed improvements provide a cross sectional lane diet from two lanes to one all-purpose lane in each direction. Scope of project extends between Damen Ave to Paulina St on Ogden

02-24-0006 - Hibbard Road Resurfacing

The roadway will have a Local Agency Functional Overlay (LAFO) with select areas of HMA pavement patching. All curb and gutter will be removed and replaced. Existing curb ramps and sidewalks will be removed and replaced where it does not meet current ADA/PROWAG standards. An on-street shared lane bike route will be added to the entire corridor. At the intersection of Hibbard Road and Hill Road / Winnetka Road, pedestrian push buttons and countdown signal heads will be added. Select tree pruning.

07-23-0006 - Old Plank Road Trail Extension

Extension of the Old Plank Road Trail to fill the gap between the existing terminus of Old Plank River Trail at the Thorn Creek Trail in Chicago Heights, Illinois to a logical terminus just west of the state line. The project will include a mixture of on-street and trail alignment through the Villages of Ford Heights, Sauk Village, and Lynwood based on final recommendations from the Old Plank Road Trail Extension Feasibility Study. This project is for the Illinois portion of the planned improvement only.

This project will include the construction of an 8-10 ft. wide asphalt multi-use path on Montgomery Rd within the project limits. Additional improvements include installing Pedestrian RR Gates & Circuitry and Constant Warning Time (CWT) track sensors. Part of the project falls under Railroad right-of-way (Canadian National Railway- CN).

13-19-0005 - Illinois Route 64 SMART Corridor (Smith/Kautz Road to Illinois Route 50 - Cicero Avenue)

ITS elements include: traffic signal interconnect, travel time monitoring, dynamic message signs, closed-circuit television cameras, transit signal priority emergency vehicle preemption, and pedestrian countdown signals. Full ADA compliance at signalized intersections, improved pedestrian access to transit, the addition of high visibility crosswalks, and far side relocation of bus stops at traffic signals where feasible and desirable.
